

# BVPT-1 Bottle Vacuum-Pressure Tester

BVPT-1 Bottle Vacuum-Pressure Tester is a device for controlling the result of vacuum action on bottle and check the potential deformation. It allows operator to carry out a visual comparison. Calibrated vacuum gauge indicator allows an accurate and easy reading. Vacuum level is adjustable by knob.

## **Technical specifications:**

- Testing range: -1/+6 Bar
- Pressure input: 4-6 Bar
- Overall size: 240 x 150 x 30 mm
- Net weight: 2.7 kg
